Subject: RE: REPAIR OF RIGGING LOFT AC

Dear Oloko,

We are working towards resolving the ac issue as highlighted. The challenges we have is that vendors are not willing to release receipt without payment and finance do not pay money above 200k without receipt or PO.

Long before now, PR was been raised and CBE circulated by procurement, however, payment is an issue too.

[@Rapheal Iyanda](#) Kindly advice the quickest way to resolve this issue.

Best Regards,

Engr. Sunday Okewu Abba
Maintenance Manager

Subject: Re: REPAIR OF RIGGING LOFT AC

Dear Sunday,

The Rigging Loft **AC** issue is getting worst due to the heat those Rigging accessories consumed in the Cabin. The Heat will wear off the Life Span of the Gears if proper action is not taken. We should consider the safety of the personnels and the Job.
Kindly update the latest and way forward.

Subject: RE: REPAIR OF RIGGING LOFT AC

@chinedu,

No need for PR. The repair will cost between 10K to 20K for the electronics panel.
It is not the complete AC. Just a faulty component.

Thank You,

Engr. Sunday Okewu Abba

Subject: REPAIR OF RIGGING LOFT AC

Dear Sunday

As discussed, please what is the update on repair of Rigging Loft AC, those Rigging Accessories is consumed large quantity of Heat everyday most especially the Fiber Webbing Sling. For safety purpose kindly close out this issue.

NB

The Two Crane at Gantry is down we could not be able to use them, please, what is the update of the Equipment.

Best Regards,

Oloko Kolawole
