Subject: OUTSTANDING PAYMENT- Proposal for Month-on-Month Net-Off of Yinson Receivables Against Assa North Liabilities

Dear Team Marconi,

Thank you for sharing the payment advice.

Further to the current development, and given that DLE and Marconi are engaged on both the **Yinson** and **Assa North** projects, as well as the precedent of netting off invoices that has occurred previously, we propose that Marconi adopts a **month-on-month net-off arrangement**.

Under this arrangement, our liabilities relating to the Assa North project would be netted against our receivables from the Yinson project for the corresponding month in which the invoices are issued.

For clarity, below is a table showing how we propose to settle the Assa North invoices for June and July 2026:

		DLE RECEIVABLES (YINSON)			
S/N	INVOICE MONTH	INVOICE NO.	AMOUNT + VAT	AMOUNT RECEIVABLE - DEDUCTIONS	I
1	Jul-26	DLE/DL2601/MARCONI/NGN/005	217,311,524.26	196,085,747.48	

Going forward, our **Yinson August 2026 invoice** will also be expected to be netted against the corresponding **Assa North August 2026 invoice**. The schedule will be updated monthly as activities and invoices increase.

If Marconi has any alternative proposal or preferred approach for settling the outstanding Assa North liabilities, kindly share same for our review, as we are open to considering other options.

We look forward to your prompt feedback and confirmation.

Best regards

Dear Team Marconi,

We confirm receipt of the payment for invoice **DL2605/MARC/001** as detailed below:

04-09-2026 – TRF FROM MARCONI.NG EPC LIMITED/MARC/26/094 – NGN 8,502,455.72

However, the amount received is significantly below our expectation based on the invoice value.

Kindly provide the **payment advice**, showing a detailed breakdown of all deductions made from the invoice amount, for our reconciliation and records.
For ease of reference, we have attached the invoice again.

We look forward to receiving the payment advice soonest.

Best regards
